TASTING NOTES:

This is the 14th release of Bleasdale's flagship Frank Potts blend.

The 2006 vintage has produced a wine stylistically different to that of previous years with powerful flavours of blackberries,

dark cherries and violets integrating beautifully with the very subtle French oak characters and leading to a delightfully soft, round palate with pleasing sweet fruit richness.

Elegant and with silky tannins the blend is a delight to enjoy either in its youth or with quality cellaring.
